Site Storage	Designated location for storage & staging of materials
Electric	Provided by general contractor

### Contact Person On-Site:

Name \_\_\_\_\_

Phone \_\_\_\_\_ Cell \_\_\_\_\_ Office \_\_\_\_\_

Availability is required at start of installation for review including future wiring plans, plumbing, and trim details which may affect cabinet installation. Availability is also required at the completion of job for inspection and sign-off.

### Responsibility:

Limited to cabinets & trim supplied only  
**No electrical**  
**No plumbing**  
**No lighting installation**  
**No installation of appliances**  
Appliance Panel installation *if appliances are on job site at time of installation*

### Installation Staging:

Set base and wall cabinets if possible  
**Counter template & installation by others**  
If counters do not affect wall cabinet installation, cabinet installation and trim can continue without waiting for counters  
Trim base and crown, install appliance panels if applicable

### Final Inspection
